Description:

Point locations of business sites in San Diego County.

The data is compiled from the Assessors Business Property Account Master file and is provided to SanGIS in text file format. The dataset was then geocoded using the SANDAG_COMPOSITE_LOCATOR and then re-projected into NAD_1983_StatePlane_California_VI_FIPS_0406_Feet. Data with 0 values for addresses were located where valid APN numbers were included. Data should be used with caution as not all addresses and/or APN numbers are correct, no zip codes are included for site addresses, and certain business sites do not have precise addresses so that locations are approximate. Certain business sites could not be located but remain in the dataset.
